Men's \$12 and \$15 Suits and Overcoats.

Our collection of \$12 and \$15 Suits and Overcoats deserves the attention of every economically inclined man.

And we hope that the attention bestowed will take the form of a personal examination. After examination, then comparison. Such a course would instantly and decidedly show who sells the best clothing for the least money.

Such a choice would be best for us—because best for you.

The styles and materials are beyond criticism. The former being absolutely correct; the latter comparing with the \$15 to \$20 qualities shown elsewhere.

This statement is not shallow and meaningless—is not made as many are—void of weight and truth—but is the result of conviction.

It would not be made by us—would not emanate from this source did not the facts justify every word.

Our claims are absolutely and completely verified before made. We know it to be the exact truth when we state that nowhere else will you find

Such quantities at \$12 and \$15,

Such qualities at \$12 and \$15.

Such varieties at \$12 and \$15.

Another point we wish to impress upon your mind is that the shine of the freshest styles is over all.

Quantity, quality, variety and price—lowness go for naught if the stamp of newness is missing.

We'd be lacking in our mission, would be doing less than our duty as leaders did we permit any other condition to exist.

Besides clothing—every other thing to dress you well. And every article, be it a pair of Shoes, a Hat or a bit of Furnishings, is as imperative in its claim upon your attention as the finest Suit or Overcoat in our establishment.

The Best Store for Boys' Clothing.

Different from every other store. Because it offers you greater and better choice—greatest and best we should say.

You'll find a fit for the boy who is hard to fit—for the slim or stout boy or he of regular size.

No cheap grades—but low prices always. Expect another store's values for a third less the price or a third greater worth for the same asking.

Overcoats and Reefers From \$4.50 to \$10.

Suits From \$3.00 to \$10.00.

PARKER, BRIDGET & CO.,
Head-to-foot Outfitters, Pennsylvania Avenue and Ninth Street.

No, we do not charge extra for arranging accommodating terms. Cash or Credit, our prices are always lowest.

Here Are Eighteen Big Values.

Compare them with any you will find at other establishments, comparing qualities at the same time. You will easily understand then why we are always busy. These are not "special" prices for the occasion; all other prices in our big store are on a par with them. You will always get the utmost amount of value for your money here, whatever class of goods it is you wish, and you get a very large and carefully chosen assortment to select from.

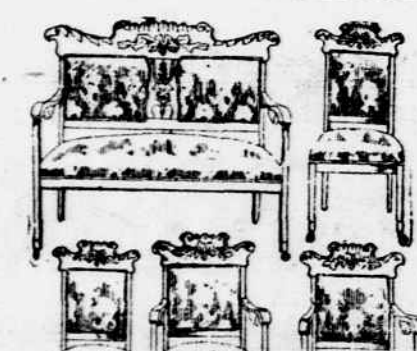

Our Carpet Stock

has no superior and but few equals. Choice patterns, high qualities and lowest prices.

We make no charge for lining, laying and making.

The Stylish Long Coats for Women

shown here as befits leadership—as shown nowhere else.

In all the newest styles and cloths; in tight and half-fitting, and full, loose back.

Ours are not the shop-made sorts found in most stores, but high-class garments, such as your tailor, if he is an expert, would turn out for you. And there is a certain grace and tone ours possess

That Few Tailors Can Impart,

which virtues are the natural result of the distinct style and treatment given to these garments by the world's best tailors.

Any woman contemplating the purchase of a long coat should not fail to see the magnificent line we show.

Tailored Gowns and Walking Suits.

The stocks are at their best now, embracing the season's most popular and exclusive styles. The variety at every grade we might term brilliant. The prices, considering the qualities, the tone, style and individuality of the garments, are very low.

Silk Waist Bargains.

We offer for tomorrow, Friday, two exceptional Silk Waist bargains.

One Lot at \$4.75.

One Lot at \$6.50.

The quantity is not great—but the variety is quite profuse—as the styles are mostly one of a kind. The silks are superior quality taffetas and the colorings are rich and beautiful. Their value is much more—but the reductions are made to effect a quick clearance.

This is news of the utmost timeliness and importance to the many women who are confronted with the silk waist problem. Early comers naturally get best choice.

RIPANS

I had for a long time suffered from asthma, and continually had to take medicine which, it seemed to me, spoiled my stomach. I could not enjoy a substantial dinner without afterward having that heavy feeling. After I had taken Ripans Tablets for a short time, my digestion became better, and I can now say that my stomach seems to be able to digest everything.

At drugists.
The Five-Cent packet is enough for an ordinary occasion. The family bottle, 60 cents, contains a supply for a year.

FROM DATE OF SERVICE.

Explanation of Law Relating to 11th Street Assessments.

W. M. Stuart recently wrote to the District Commissioners asking information relative to assessments for the extension of 11th street. Mr. Stuart said he had been notified through the press that an assessment of \$658 had been levied against his property. He had called for bills and had been unable to secure them. Mr. Stuart asked if the recent opinion of the attorney for the District in which he held that in some of the street extension laws interest was charged on assessments from the date of the confirmation of the awards, etc., by the court applied in this instance.

J. W. Daniel, the special assessment clerk, has reported that the papers in the case have not as yet reached his office. He says, however, that the act of Congress in regard to 11th street under which the assessment is to be levied provides for a charge of interest from the date of the service of the bills, and not from the date of confirmation by the court. Mr. W. P. Richards, the assistant engineer in charge of street extension matters, reports that the assessments against lots on 11th street extended have not been finally confirmed by the court, so that it is impossible to tell when the bills will be ready.

The Widening of 16th Street.

The District Commissioners have lately received a number of communications asking for information in regard to the status of the case involving the widening of 16th street. W. P. Richards, the assistant engineer in charge of street extension, states that at no time has been taken by the court in the matter of the verdict, and a wait of several months may be required before the matter is finally disposed of.

Says Sale Should Be Set Aside.

Mr. Hopewell H. Darnelle, the District assessor, has recommended to the Commissioners that the tax sale of property belonging to John Francis Bowman be declared void and set aside in view of the fact that it was advertised and conveyed in name of Bowman instead of of Bowman man. This action is recommended in accordance with the provisions of the act of February 28, 1898.

Will Grant Permit.

The District Commissioners have decided to grant a permit to the United States Electric Lighting Company to build a four-way conduit on Lincoln road from R street to an apartment house now being erected on Lincoln avenue and Prospect street.

Question Settled.

Plumbing work to the cost of \$386.94 was done on the Baner School during last summer to carry away the subsoil drainage which often encroached upon the cellar floor. Since the work was completed there has been a question as to whether the work should be paid for out of the appropriation for repairs to buildings and grounds. It has been decided to charge the amount to the latter appropriation, as the drains were laid outside the building.

Request for Water Main.

Mrs. Bertha Burch has written to the District Commissioners requesting that a water main be laid in Vermilion street, Takoma Park. The superintendent of the water department reports that a main can be laid until sewer facilities are provided, and the superintendent of sewers reports that upon the application of Mrs. Burch a project for the construction of a sewer in 7th street between Umattila and Vermilion streets was prepared. She was notified that the sewer would be constructed upon the deposit of the estimated half cost, which was \$255.75. The department reports that no reply to the notice was received.

Sent to Reform School.

Richard Thomas, colored, sixteen years old, was sentenced to the reform school by Judge Kimball today. Charges of assault, indecent exposure and concealed weapons were laid against him. The weapon was an unloaded powder pistol.

WIDTH OF AN AVENUE.

Question Which Affects the Issuance of Building Permits.

The District Commissioners have recently had under consideration the question of issuing building permits on Brightwood avenue with reference to the present width of the road at sixty feet and the proposed future widening of the thoroughfare to sixty feet. There have been several applications for permits in which the building line has been placed at the 66-foot line. The Commissioners have finally, in the case of Mr. P. Miller, decided to grant a permit for a building along that line upon the condition that the applicant file an agreement in writing that when the District widens the street to sixty feet he will remove his house to the official building line on the west side of Brightwood avenue, without expense to the District.

Mr. John B. Brady, the inspector of buildings, submitted a statement of parallel cases in the past, in one of which a Mr. Nau was permitted to build a frame kitchen to a house which was located nine feet over the west line of Brightwood avenue. James A. Moody was also permitted to build a show window over the line, provided he should remove it when requested. A third case was also cited. Mr. Brady held up the application of Mr. Miller because he had been directed in other cases to suspend the issue of a permit for any new or permanent improvement of a building until the street within the space between the sixty-foot line and the ninety-foot line of Brightwood avenue.

The status of Brightwood avenue was reported to the Commissioners in an opinion several years ago by Mr. S. T. Thomas, who was then the attorney for the District. He says the record shows the road to have been originally 90 feet in width, which appears to have been its width until some time in 1871, when it was widened to 120 feet. The road was condemned and opened as a free public highway August 2, 1871, and the turnpike company was paid \$14,277.48 for it as damages. Mr. Thomas said the act of the board of public works in reducing the width of the road to 60 feet may be explained on the theory that they considered that width sufficient in those days. It is not to be supposed that the board meant to abandon so much of the original lines of the road as was not within the newly assigned limits. It was his opinion that Brightwood avenue is in fact already 90 feet in width, and that no donation of land by abutting proprietors is necessary to make it that width.

AFFAIRS IN ALEXANDRIA.

Meeting of City Council—The Business Men's League.

Evening Star Bureau, No. 701 King St., Bell Telephone No. 106.

ALEXANDRIA, Va., October 31, 1901.

A called meeting of the city council was held last evening for the purpose of considering the petition of Charles Kink & Son for permission to construct a track connecting the warehouses of the firm on North Lee street, with the branch of the Southern railroad line on Union street. Favorable action in the matter was taken after some discussion.

Councilman Bryan asked for unanimous consent to introduce a report from the committee on finance, and the request was granted. The report recommended the adoption of a resolution appropriating the sum of \$225 for the purchase of a new transit for the city engineer, which resolution was presented and adopted.

The question of King street improvements was touched on, and Councilman Leadbeater stated that Superintendent Colvin of the Washington, Alexandria and Mount Vernon railroad had informed him he did not know when work would begin in laying the new rails which council required on King street. It was suggested that the matter should be brought to the attention of Mr. Colvin at once, and council adjourned.

The first fall meeting of the Business Men's League was held last evening in the rooms of the association, corner of King and Washington streets. The president, Mr. M. F. Carne, the secretary, was in his place. The latter introduced a resolution expressing the thanks of the league to Col. Francis B. Smith, delegate from Alexandria to the state constitutional convention, for his efforts to secure the adoption, unchanged, of the bill in the legislature. George Mason, delegate of Alexandria-Fairfax at the convention of 1876, and adopted June 12, 1876. The resolution was adopted.

A petition from George D. Hopkins of the Old Dominion Glass Company, with reference to the veto by Mayor Simpson of a certain ordinance recently passed by the city council affecting the glass company, was presented and read by the secretary. A meeting of the first ward republicans was held last night on South Pitt street. Thomas Shelton was chairman and Daniel McJone was secretary. Addresses were made by John T. Sales, Benjamin Comer and others.

The will of the late Susan A. Jacobs has been admitted to probate in the corporation court. The estate, which was valued at \$3,000, was left in trust to Miss Mary E. Rogers, niece of the deceased. Messrs. Edgar Wardlaw, W. J. Hall and R. F. Knox were named as appraisers.

THE DOYLE CASE.

Attorneys in Murder Trial Making Closing Arguments.

The summing up arguments of counsel to the jury in the case of Charles Doyle, colored, tried under an indictment alleging that he murdered Holland Dent last July, were in progress late this afternoon in Criminal Court No. 1. The only witnesses examined today were Lawrence Slaughter and Harry W. Long, who had nothing new being derived from their testimony. Several hours were devoted to the consideration of instructions counsel desired the court to give the jury. The summing up arguments were begun shortly before 2 o'clock, succeeding five recesses.

DISASTROUS FIRE IN CHICAGO.

Seventy-Five Families Burned Out—Property Loss \$250,000.

Seventy-five families lost their homes and \$250,000 worth of property was destroyed in a fire in Chicago last night that started in Peterson & Co.'s picture frame factory at Union street and Madison avenue.

Fanned by a strong wind, the flames got beyond control and spread to the small packing establishment of Feinberg & Stopp and a long row of residences adjoining. Two blocks of dwellings skirting Milwaukee avenue were wiped out before the fire was subdued. The Peterson factory, which was insured, was the most serious loss, valued at \$175,000, fully insured, was destroyed. The bulk of the remainder of the loss was on residences, fairly well covered by insurance.

There were many rumors of lives lost in the fire, but it is believed that all people living in the burned buildings escaped. Several people were rescued in unconscious condition. One of the incidents of the fire was the cremation of the body of Frank J. Ruck, at his home, 148 Milwaukee avenue, killed in the fire. The body was found in the flames and was cremated. It was incinerated.

AFFAIRS IN GEORGETOWN.

Citizens' Association to Meet Tomorrow Evening—Briefs.

The second of the fall meetings of the Citizens' Northwest Suburban Association will be held tomorrow evening. The place will be at Friendship, the country home of Mr. John R. McLean. An invitation to the Commissioners to be present at the meeting has been extended and accepted. The meeting will not open until 8 o'clock, but the members will gather about 7:30 o'clock and will be entertained by the Commissioners. A business meeting of about an hour will be held, after which several addresses will be made.

The Georgetown Citizens' Association will also hold a meeting tomorrow evening at 7:30 o'clock at the hall of the First Cooperative Building. The association will give out estimates for the week end and will be taken up and considered, and other matters of interest to the section will be discussed.

Mrs. Sallie Gates of 1248 36th street, who has been ill at the Georgetown University Hospital, recovered sufficiently to return to her home.

The October devotions at Trinity Church closed this morning.
